- Government Cash Grants are money that **you never** have to pay back... let us help you find the money you need!
- **Do you have bad credit or have you filed for bankruptcy?** Then a Private Foundation Cash Grant could be the answer to your financial needs. Remember, this is interest-free money that **you never have to pay back.**
- Bank rejections are an unfortunately all-too-familiar story. Why not try a different solution? Whether you need money for small business startup or expansion, debt consolidation, education, real-estate, personal use, or medical expenses... **free grant money can be used for any worthwhile purpose.**
- Every year, **private foundations and philanthropists give away billions of dollars to individuals** in genuine need of money. Most foundations are set up as non-profit organizations for income tax purposes, dedicated to help individuals and the general welfare of our society. Did you know that in the United States, money in the form of free cash grants has been given away for well over one hundred years?

- **Every day** people are getting cash grants in the mail. This money is **100% interest-free** and never has to be paid back in any way. It's free!
- **Receiving a cash grant in the mail** is perhaps a lot easier than you might think. While there may only be a handful of private foundations in your area - there are literally **1,000's of private foundations** and non-profit organizations across America who are ready and willing to send money to those who have a genuine need for it.
- We cannot guarantee everyone a free cash grant in the mail. However, it is a known fact that Private Foundations approve cash grants at a much higher rate of approval than getting a small loan from a local bank.
- Have you been turned down from receiving a loan by a local bank because of poor credit, no credit or bankruptcy? **Private Foundations are not interested in credit ratings, only demonstrated need.** It is much easier to receive a grant by mail from a Private Foundation than a local bank, because they are much more lenient. Imagine getting a check, payable to you, in the mail! **Money you never have to pay back!**
